

Agenda for the seminar

"Process chemicals in HP Die Casting"

On July 3rd, 2024 in the Gospodarska zbornica Slovenije, Hall E
Dimiceva 13, 1000 Ljubljana

		Organizer SLOVENIAN FOUNDRYMEN SOCIETY
9.00 – 9.05	Opening of the seminar	
9.05 - 9.50	HPDC Technology <ul style="list-style-type: none">• Equipment,• Spraying processes,• Casting processes (semi solid, GIGA)	Branko Ceh
9.50 – 10.35	Process chemicals <ul style="list-style-type: none">• Basics about release agents	B. Serbin
10.35 – 10.50	COFFEE BREAK	
10.50 – 11.35	HERA / HERA-Light	B. Serbin
11.35 – 12.30	Sustainability in foundry Preparation for CO2 calculation from 2026 Plunger Lubrication <ul style="list-style-type: none">• Product characteristics• Equipment and applications	B. Serbin
12.30 – 13.30	LUNCH	
13.30 – 14.15	Hydraulic project <ul style="list-style-type: none">• Benefits vs HFC• Saving• Recommendations	L. Rossi
14.15 – 15.00	Plunger Lubrication <ul style="list-style-type: none">• Product characteristics• Equipment and applications	M. Karlicek
15.00 – 15.15	COFFEE BREAK	
15.15 – 16.00	Digitalization <ul style="list-style-type: none">• DTC• Thermal regulations• Simulations	Branko Ceh
16.00 – 16.30	END OF DISCUSSION
